

FREE ONLINE THERAPY FOR OBSESSIVE-COMPULSIVE DISORDER

Participants required for study of online therapy for obsessive-compulsive disorder

Do you have symptoms of obsessive-compulsive disorder?

Researchers at Swinburne's Brain and Psychological Sciences Research Centre and the National e-Therapy Centre are looking for people with obsessive-compulsive disorder (OCD) to take part in a study investigating our online treatment for OCD.

To be eligible you will need to be:

- Aged 18 years and over
- Residing in Australia
- Experiencing symptoms of obsessive-compulsive disorder

You will receive free online access to our treatment for OCD and weekly email contact from a clinical psychologist.

To find out more, contact Sam Mancuso on 9214 4628 or email semancuso@swin.edu.au
